

FOX AND THE GEESE

The fox stays in the rectangle and the geese pass around the perimeter of the circle. When a player thinks he/she has a chance he/she can run up a spoke and try to tease the fox into chasing him/her. The fox chases anyone and everyone. If he/she tags someone, he/she takes that goose back to the rectangle (his/her den). The players are safe only on the circle's rim. The fox must not go beyond the spokes. Stepping or falling outside the circle's rim or rectangle will disqualify fox or geese.
